

BRIEF SUMMARY

Passionate and results-driven cybersecurity specialist with expertise in web security, penetration testing, and vulnerability assessment. Successfully identified and reported 15 security vulnerabilities to various companies, showcasing a strong ability to detect and mitigate OWASP Top 10 risks.

Currently expanding knowledge in Web3 security and smart contract analysis to stay ahead in the evolving cybersecurity landscape. Highly self-motivated and practically skilled, with hands-on experience in CTF challenges, security research, and automation projects. Committed to continuous learning and staying proactive in identifying emerging threats.

EDUCATION

Parul University B.Tech. - CSE - Artificial Intelligence - PIET CGPA: 6.10 / 10	2022 - 2026
shree adarsh vidhyalaya, Bagasara 12 th GSEB Percentage: 55 / 100	2022
shree adarsh vidhyalaya, Bagasara 10 th GSEB Percentage: 66 / 100	2020

INTERNSHIPS

Hack Secure Cyber Security Cyber Security Analyst	06 Jan, 2025 - Present
Key Skills: Python Cyber Security Ethical Hacking	

During my one-month internship as a Cybersecurity Intern, I gained hands-on experience in vulnerability assessment, penetration testing, and ethical hacking. My tasks included identifying open ports, performing directory brute-forcing, analyzing network traffic using Wireshark, and completing TryHackMe labs to simulate real-world cyberattacks. Additionally, I developed Python-based security tools such as a Password Strength Checker, Port Scanner, and File Encryption/Decryption Tool. This internship enhanced my technical expertise in cybersecurity tools, attack methodologies, and defensive strategies.

PROJECTS

LunarLogger

Key Skills: Python File Handling Multithreading Ethics Ethical Hacking anti Encryption

Project Link: <https://github.com/Alwolfie/LunarLogger>

LunarLogger is a powerful, Python-based keylogger designed for logging keystrokes, system information, clipboard data, audio recordings, and screenshots. The tool also provides secure encryption for logged data using the cryptography.fernet library to protect sensitive information before it's sent.

Filmmaker Portfolio Website

Team Size: 1

Key Skills: Flask HTML CSS Javascript Bootstrap res

Project Link: <https://github.com/Alwolfie/Filmmaker-Portfolio-Website>

Designed and developed a responsive portfolio website for a freelance wedding video editor using Flask, HTML, CSS, and JavaScript. Implemented a dynamic UI with animations, a testimonial section, social media integration, and a video background for enhanced user engagement.

personal-portfolio

Key Skills: [Flask](#) [HTML](#) [CSS](#) [Javascript](#) [Bootstrap](#)

Project Link: <https://github.com/Alwolfie/personal-portfolio>

I developed a personal portfolio website using Flask, HTML, CSS, and JavaScript to showcase my skills, projects, and professional experiences. The website features a modern, responsive design with sections for services, portfolio, and contact information. It integrates social media links (YouTube, Instagram, WhatsApp) and includes a contact form for client inquiries. I implemented a dynamic video background in the hero section, smooth scroll animations, and a lightbox for portfolio images. Additionally, Instagram and YouTube videos are embedded directly into the portfolio section, and the Flask backend efficiently handles form submissions.
